limzhili92@gmail.com · LinkedIn Profile: www.linkedin.com/in/zhili-lim

I am a Nursing Leader with a background in Nursing Education and a certification as an Orthopaedic Nurse. I had the privilege of being involved in commissioning new healthcare facilities and establishing orthopaedic wards while prioritizing patient safety and quality improvement of clinical practices and management. As an Educator, I have been instrumental in developing clinical competencies, curriculum, teaching strategies, and ensuring accreditation standards are met through assessment and evaluation. I have a passion for nursing research, evidence-based practice, and simulation-based education while providing support to students using adult learning theory and communication skills. I also committed to professional development and technology integration in the field of nursing.
