Address	5, Jalan Duta Suria 4, Duta Suria, Ampang 68000 Selangor
Contact	013 397 1515 / fazrilfauzi@gmail.com
Date of Birth	29 May 1983
Qualifications	<ul style="list-style-type: none"> Malaysian Institute of Certified Public Accountants - Member of The Malaysian Institute of Certified Public Accountants, 2011 Malaysian Institute of Accountants - Chartered Accountant, 2012 Deakin University, Melbourne, Australia - Bachelor of Commerce (Majoring in Accounting and Finance), 2006 Malaysia Anti-Corruption Academy - Certified Integrity Officer (CeIO), 2022

PROFILE SUMMARY

Chartered accountant with approximately sixteen years' experience in a public listed group, managing a full spectrum of finance, accounting, internal audit, risk management and human resource functions.

Experienced in providing independent and objective assurance while providing recommendations, adding value and improving the operations, corporate governance, effectiveness of internal control system and risk management processes through the areas of Internal Audit, Risk Management and Integrity & Governance. Also acted as the catalyst towards promoting a culture of integrity throughout the organization.

In August 2021, I was appointed as Chief Financial Officer of Boustead Heavy Industries Corporation Berhad and was accountable for, amongst others, the continuation of a RM9 billion shipbuilding project and ultimately the survival and sustainability of the Group.

ACHIEVEMENTS

- Led proposal on continuation of a RM9 billion shipbuilding project that was approved by the Government of Malaysia
- Executed plans and initiatives that ensured Company and holding Company steered clear of PN 17 status, which included financial and equity restructuring
- Contributed to turnaround of the Group to make a profit after 3 consecutive years of losses
- Completion on average of 120 audits in a year, covering industries such as pharmaceutical manufacturing and logistics, plantation estates and palm oil mills, property management and development, marine ship building and repair, aviation, weapons and combat systems, oil and gas (retail) and corporate functions
- Establishment of (1) an internal audit manual and Quality Assurance Improvement Program, in line with the Institute of Internal Auditors' Standards and Code of Ethics; (2) an Enterprise Risk Management Framework, guided by ISO 31000:2018, which also incorporated Corruption Risk Management; and (3) an Anti-Bribery and Corruption Framework that was independently assessed as ready for Section 17A of MACC Act
