AHMAD YUSUF BIN MOHD NOORDIN

STATE REGISTERED NURSE

As a qualified State Registered Nurse (SRN), with experience in Operation Theatre and Central Sterilization Services Department (CSSD), I will make the best of my expertise to support the company. I am sure that my expertise and enthusiasm for skills, quality and careful handling of instruments will be able to make substantial contributions for the company. I am willing to make recommendations to the administration to introduce enhanced protection protocols and hygiene practices to deter surgical site infections.

3

LOH GUAN LYE SPECIALIST CENTRE (LSC) LOH GUAN LYE AND SONS SDN. BHD APRIL 2015 – FEB 2021

STAFF NURSE CENTRAL STERILIZED SUPPLY SERVICE

- To provide correct direction to the hospital on matter of sterilization
- To establish common operating procedures for instrument and sterilization processes. Responsible for control of all parts of the sterilization process: decontamination; preparation, pack, sterilize; documentation of sterilization; and sterile storage.

As example:

- Decontamination of soil instrument from the operation theatres and clinics
- Cleaning, disinfection and drying the instrument through manual washing, ultrasonic machine, and washer (Getinge and Steelco)
- Packaging the instrument by view packs and containers.
- Correct and proper arrangement for sterilization process
- Proceeding of cooling process after sterilization.

- To recommend actions to the Management to correctly observed the quality deficiencies in instrument.

As example:

- The uses of laparoscopic instrument need to be carefully check by using the laparoscopic insulation tester for checking the insulation.
- To ensure to process of sterilization working well with correct temperature and correct instrument inside autoclave. Uses of different temperature for different instrument (instrument=135c, rubber cycle=121c)

- To analyse the instrument especially for special case. As example, checking the batteries effectiveness and the quality of saw before autoclave for TKR cases.

- For low temperature sterilizer, to ensure that the correct instrument is chosen properly. H2O2/Sterrad uses is necessary for plastic related instrument

- To receive the loan instrument for special case if necessary. Example of companies:
 - Synthes
 - Arthrotec
 - Biomed
 - Implant cast
 - Acumed
 - Johnson & Johnson

- Operate and maintain steam autoclaves, keeping records of loads completed, items in loads, and maintenance procedures performed
