### **Ranhill Utilities Berhad (“Ranhill”)**

Position Title (Level)	: General Manager, Head of Group Corporate Planning
Specialization	: Finance – Corporate Planning & Strategy
Role	: Corporate Planning, Corporate Finance & Investor Relations
Industry	: Utilities (Water, Energy & Renewables Energy)
Professional	: <b>Ranhill</b> is a listed company in Malaysia, comprising three primary sectors:
Summary	Environment, Energy, and Engineering Services. The Environment sector provides comprehensive solutions for water treatment and supply in Malaysia, and also offers wastewater and reclaimed water treatment technologies with a significant presence in Thailand and China. The Energy sector focuses on the development, ownership, and operation of Combined Cycle Gas Turbine power plants and a large-scale solar farm. Meanwhile, the Engineering Services sector delivers expertise in Engineering, Procurement and Construction Management, Engineering, Procurement, Construction and Commissioning, Project Management Consultancy, as well as operation and maintenance services across various industries.

### **Responsibilities**

Reporting directly to the Group CEO and Group CFO, I assist in business development initiatives to expand Ranhill’s portfolio through continuous engagement with government agencies and industry experts across Southeast Asia and Asia. My responsibilities include preparing investment proposals and presentations, conducting ad-hoc financial analyses to evaluate opportunities, and developing cash-flow models for investment appraisals. In corporate finance, manage merger, acquisition, and joint venture deals, ensuring strict compliance with Bursa Main Market Listing Requirements. Additionally, I work with subsidiaries to execute corporate and business plans for subsidiaries, aligning them with strategic objectives to drive growth and profitability. Additionally, I strategize and drive stakeholder management strategies, provide up-to-date information to shareholders and analysts, and maintain relationships with analysts, investors, and shareholders as part of my Investor Relations role in the Company.

### **Project & Achievement**

Among my notable projects and achievements, I have facilitated the signing of MOUs with PT Jasa Sarana for business exploration in Indonesia, executed agreements for feasibility studies and water distribution projects, and submitted a proposal for a source-to-tap project in Greater Jakarta and West Java. In corporate finance, I successfully completed a bonus issue of new ordinary shares, established a dividend reinvestment plan, and secured an AA-IS rating for Ranhill’s Sukuk.

**Pengurusan Aset Air Berhad (“PAAB”)**

Position Title (Level) : Head of Department  
Specialization : Finance – Financial Accounting, Taxation (GST), Corporate Planning & Strategy  
Role : Financial Performance & Reporting  
Industry : Utilities  
Professional : **PAAB** is a wholly owned company of the Minister of Finance Inc. (“MOF Inc.”), with  
Summary the mission of managing the nation’s water assets. PAAB is integral to the Malaysian Government’s efforts to restructure the water services industry to enhance efficiency, quality, and sustainability. The company is responsible for developing water infrastructure in Peninsular Malaysia and the Federal Territory of Labuan, utilizing competitive financing from the private financial market. These water assets are then leased to water operators licensed by the industry regulator under the Water Services Industry Act 2016 (“WSIA 2016”), Suruhanjaya Perkhidmatan Air Negara (“SPAN”), for operations and maintenance.

**Responsibilities**

Reporting directly to the CEO and CFO, I am accountable for overall financial and management accounting functions, including the consolidation of financial results, strategy and business planning, annual budget preparation, and the implementation of internal accounting control systems. My role involves engaging with stakeholders such as state water operators, bankers, authorities, and government ministries. I manage day-to-day financial activities, ensuring compliance with regulations and accounting standards. I develop and communicate key activities for the annual planning and budgeting cycle, prepare quarterly reports for the Audit Committee and Board of Directors, manage Balanced Scorecard metrics, and implement new policies to enhance internal controls and processes. Additionally, I plan, coordinate, and execute annual financial audits.

**Project & Achievement**

My project achievements include completing the water migration projects for the states of Kelantan (2016), Selangor (2016-2017, completed in 2019), and conducting asset audits as part of the risk management monitoring for Johor, Melaka, and Penang (2017).

In terms of non-project achievements, I successfully implemented the Goods Services Tax (“GST”) Implementation Project (pre and post-implementation), becoming the key liaison with the Royal Malaysia Custom Department (“RMCD”) and managing the 2017 GST Audit. Internally, I had also reviewed and enhanced finance policies that includes SAP for financial and reporting purposes, Standard Operating Procedures (“SOPs”), and Limits of Authority (“LOA”), introduced Zero-based Budgeting, and established a new Management Reporting Framework. I also implemented Electronic Fund Transfer (“EFT”), significantly increasing paperless payments from 50% to 90% through E-Banking Payment systems. These initiatives have significantly improved financial control, sustainability, and operational efficiency within the organization.
