PROFILE

Registered Sustainability Practitioner with more than 15 years of diverse experience in property development, facility management, and the healthcare sector. Actively participating as a featured speaker and panelist at conferences, where she shares insights on sustainable built environment, sustainability best practices and ESG management.

CAREER HIGHLIGHTS

Corporate Sustainability (ESG)

- Led the development of KPJ Sustainability Report 2023, which contributed to the upgrade of KPJ's FTSE4Good rating from 3 star to 4 star.
- Drafted the KPJ Sustainability Policy in 2023.
- Appointed as a member of the SIRIM ESG Committee in 2023 and contributed to the development of SIRIM ESG Industrial Standards, specifically SIRIM 55 (ESG Management) and SIRIM 56 (ESG Reporting).
- Independently formulated Greenhouse Gases (GHG) calculation methodology for the KPJ Sustainability Report 2022, significantly enhancing KPJ's FTSE4GBM rating from 3.1 to 3.5, and eliminating the need for external consultancy services..
- Proposed and executed KPJ's inaugural Sustainability Day in 2023, successfully advocating for its adoption as an annual event.
- Delivered over 10 internal ESG awareness sessions for KPJ group within one year (2023-2024).

Sustainable Development Projects

- In 2020, as the sole LEED Accredited Profesional in UEM Edgenta Berhad, successfully facilitated Hospital Sultanah Maliha (HSM) in Langkawi, Kedah, becoming the first hospital globally certified as a Gold rated green hospital under the Operation and Maintenance category.
- Recipient of the UEM Edgenta's Annual Management Dialogue (AMD) award in 2020.
- The Sustainability Specialist for the Healthcare Solutions division for a business exploration project in the Kingdom of Saudi Arabia (KSA).
- Developed GHG Inventory Reports for 10 Government Hospitals in 2022 to 2024.
- Appointed as the consultant and completed the renewal of Green Building Index (GBI) Certification for Menara Kerja Raya Platinum rated office tower.
- External Consultant for the MyCREST Certification for 5 Government Hospitals in Sabah.

Public Addresses

Participated as a featured speaker and panelist in webinars, conferences, guest lectures and career talks.

WORK EXPERIENCE

KPJ Healthcare Berhad

Acting Head of Group Sustainability

Jan 2024 - May 2024

- Reported directly to the President & Managing Director (PMD).
- Led the Group Sustainability department to driving KPJ ESG agenda and managing ESG initiatives group wide.
- Acted as Sustainability Representative in KPJ Group Management, Board Committee, and Johor Corp Sustainability Committee meetings.

Sustainability Strategy Lead

Jan 2023 - Dec 2023

- Spearheaded the Performance Reporting and Strategy team.
- Drove sustainability strategic planning and implementation, facilitated the ESG initiatives, and delivered comprehensive ESG performance reports to stakeholders.

Ireka Corporation Berhad

Head of Group Sustainability

Jun 2022 - Dec 2022

- Facilitated the Sustainability Working Group (SWG) and provided ESG performance updates to the Chief Operating Officer (COO) and Sustainability Steering Committee (SSC), assisting the SSC in making well-informed decisions on sustainability matters.
- Formulated the company's ESG roadmap and action plan.
- Crafted the Sustainability Statement in the Annual Report.
- Managed the proposal and approval process for sustainability related initiatives.

Edgenta Mediserve Sdn Bhd (Subsidiary of UEM Edgenta Berhad)

Sustainability Program Lead

Jan 2020 - May 2022

- Supervised a team of 22 Energy Managers stationed across 33 government hospital site offices, facilitating the execution of sustainability projects within the Ministry of Health's Sustainability Program (MOH SP).
- Accountable for reporting MOH SP performance for government hospitals under Edgenta's Concession.
- Initiated the Green Hospital Certification within the Government Hospitals Support Service (HSS) concession contract.
- Contributed to Business Development efforts for private hospitals and non-concession facilities.
- Appointed as a Project Team Member for the Ministry of Health (MOH)'s Energy Benchmarking Study in 2021.
- Selected as the Healthcare Solutions division representative for Edgenta's Project Alpha, a sustainability task force tasked with developing Edgenta's ESG framework and roadmap.

UEM Edgenta Berhad

Sustainability Consultant

Mar 2015 - Dec 2019

- Independently managed more than 10 green building certification projects.
- Contributed to commissioning activities under the direction of a Commissioning Specialist.
- A member of Sustainability Task Force for Property and Facility Solutions division, involved in strategising sustainability services for clients.
- Engaged in various sustainability projects including Energy Audit, Energy Performance Contracting (EPC), Building Integrated Photo Voltaic (BIPV), and Smart Building System.

KLK Synergy Sdn Bhd

Green Building Coordinator

Jun 2014 - Dec 2014

- Coordinated green building documentation and submission to the Main Contractor.
- Oversaw and reported the green building initiatives performance, ensuring compliance with the certification scoring standards.

Quantum Automation Pte Ltd

Assistant Project Manager

Jul 2013 - Dec 2013

- Supported the Project Manager in overseeing the installation of the Building Management System (BMS) at the Medical Hub, Jalan Tukang, Jurong, Singapore.
- Collaborated closely with the engineering, procurement and finance teams in finalising the BMS design, procuring the hardware and software, processing vendors claim.
- Conducted site visits and monitored project execution, responsible for reporting project progress to the client.

Techno Controls Sdn Bhd

Project Manager

Jan 2011 - Apr 2013

- Directed the project team throughout the entire BMS project lifecycle, from design inception to final completion.
- Took charge of Testing and Commissioning (T&C) activities at in-house testing lab and project sites.
- Engaged in Business Development activities, aiding the Head of Project in proposal and contract preparation.
- Supervised a team of 6 engineers and technicians, providing performance evaluations to the CEO.

Application Engineer

May 2009 - Dec 2010

- Accountable for crafting the proposal for the BMS software design, testing and commissioning of the BMS system programming before deployment at the project sites.
 - Conducted in-depth studies of ACMV, Electrical, Fire Control, and other building systems, integrating logic control into the application programming.
-
