- **Chartered Accountant | Malaysian Institute of Accountants (MIA) | 2016**

PROFESSIONAL EXPERIENCES

Senior Finance Manager | HeiTech Padu Berhad | March 2011 - Present

- Led the preparation and presentation of monthly and quarterly financial reports to the management and board, resulting in a 100% on-time delivery rate for improved financial decision-making.
- Oversaw the timely preparation of monthly financial statements and Group quarterly Bursa Malaysia announcements, ensuring 100% compliance with reporting and applicable accounting standards.
- Directed the budgeting, forecasting, tender pricing and costing model, and financial planning process, resulting in a 10% reduction in costs.
- Ensured 100% compliance with all statutory and legal requirements such as MFRS, Bursa Listing Requirements, Securities Commission Act & Regulations, Income Tax Act, Companies Act, and Corporate Governance.
- Conducted due diligence, forecast and projections, acquisitions, joint ventures, and prepared reports on potential investment opportunities, leading to successful investment decisions and diversifications into construction and renewable energy sectors that contribute more than RM100 million contracts.
- Facilitated change in the accounting system from SAP to Autocount, resulting in software licensing fee savings of more than RM500,000 yearly.
- Managing a team of 3 for financial reporting and leading cross-departmental collaboration with construction and renewable energy business units.
- Drove the initiative to enhance collaborative efforts across departments, leading to a streamlined bidding process for both large-scale solar photovoltaic plant bidding and small hydro feed-in-tariff e-bidding submission, which reduced submission preparation time by 40 hours per bidding submission.

Senior Associate | Ernst & Young | July 2007 - March 2011

- Conducted audits for over 10 companies, including public-listed companies across diverse industries such as oil and gas, trading, manufacturing, property development, and services.
- Conducted financial statement audits and evaluated compliance with accounting standards, completing more than 10 audits within the allocated timeline.
- Evaluated internal controls across more than 10 audits, identifying and addressing key risks; provided actionable recommendations that streamlined operations by eliminating redundancies, resulting in a more efficient process flow for clients.
- Reviewed and documented complex financial transactions and related disclosures, ensuring accuracy and completeness of financial statements within the 2 months' timeline.
- Coordinated with clients' management teams on more than 10 audits and maintained effective communication to resolve issues and improve the quality of audit engagements
